

# My Home Pro Network

Hi \_\_\_\_\_!

It's [your name] from [your real estate office]. I hope you're enjoying this cooler weather! I'm calling to see if I can help you out. Do you need a hand with any projects around the home this fall?

(Wait for response)

**If yes:** Oh great! I have an online network of area home service providers I work with and trust, such as landscapers, gutter removal, chimney sweeps, and other pros who can help out this time of year. Do you want me to send you a link?

(Wait for response)

Sounds good! I'll send that over to you now. Be sure to mention my name when you give them a call! While I have you on the phone, do you know anyone looking to buy or sell a home?

**If no:** Well, if you ever need some trusted service providers to help out--chimney sweeping, gutter cleaning, that kind of thing--I have a network of home professionals who I work with that I'd be happy to share with you! Would that be useful to you?

(Wait for response)

Great! I'll send you a link to my network so you can take a look at some of my recommended vendors. While I have you on the phone, do you know anyone looking to buy or sell a home?
